CAREER OBJECTIVE

Enthusiastic and dedicated Junior Frontend Developer with a passion for creating visually appealing and user-friendly web applications. Continuously learning and expanding my skills in HTML, CSS, JavaScript, PHP, MySQL and WordPress . Seeking to leverage my knowledge to contribute to a dynamic development team.

PROJECTS

Ecommerce Website

Developed a fully functional e-commerce website with features including product listings, shopping cart, and checkout process.

Technologies: HTML, CSS, JavaScript, PHP, MySQL

Implemented responsive design to ensure usability across devices.

Created a dynamic product listing page with JavaScript and PHP.

Developed backend functionalities for user authentication, product management, and order processing using PHP and MySQL.

YouTube Clone

Developed a static YouTube clone focusing on UI elements and layout design.

Technologies: HTML, CSS, JavaScript

Designed the homepage and video listing page to mimic the look and feel of YouTube.

Created responsive layouts using CSS Grid and Flexbox to ensure the site works well on different devices.

Implemented UI elements such as video thumbnails, navigation bar, and sidebar using HTML and CSS
